Join us for the 5k for 50: A run for the sun

The Maryland Clean Energy Jobs Initiative is a statewide campaign seeking to increase the Renewable Portfolio Standard to 50% by the year 2030. We want our state to operate on 50% clean electricity while simultaneously funding women and minority owned businesses and solar job training programs to put our people back to work. Join us for the cause and run the 5k for 50; you'll help us get that much closer to being a state powered by the sun.

Fundraising Goals:

We've got a goal in mind! Here's how you can help: we're asking our runners to tap their networks. Get your friends and family to pledge for you to run the race--it's free for you, but the goal is to raise money. Here are some fundraising tiers:

Be a **Jobs Jock** and raise \$50

Be a **Wind Warrior** and raise \$150

Be a **Solar Hero** and raise \$250

Be a **Climate Champion** and raise a whopping \$500

Keep track of your pledges and let us know their names and how much they've donated. We want to honor you on the proper tier at the race. The runner with the largest amount raised wins a prize! Pledges can be made online at www.cleanenergyjobs.org
